

# Friends of The Southborough Council on Aging

November 2023

Dear Friend,

The Friends of the Southborough Council on Aging is a not-for-profit organization that provides vital funds to our town's Senior Center. Educational, physical, health-related and social gatherings are essential to the wellbeing of everyone, and especially to our seniors.

Some examples of how the Friends use donations are:

- Emergency assistance, including fuel, medications, and transportation.
- Equipment for the Senior Center, including furniture, electronics, paper goods, etc.
- Event entertainment, including educational speakers and musicians.
- Subsidizing the cost of both on and off-site events to assure access for all.
- Events and programs at Colonial Gardens, targeting those seniors who are unable to get to the Senior Center.
- Meals and deliveries during the pandemic.

Thirty-two years ago, Falconi Energy began a golf tournament to raise money for the Senior Center. We are forever grateful to those who donated via sponsorships or playing golf. Two years ago, we made the difficult decision to bring that event to a close, due in part to Covid, but also due to the rising prices of both food and golf fees. The funds raised from this event were substantial, essential to the work we do, and frankly are sorely missed! We are thankful that Falconi Energy continues to donate a portion of their Tuesday gas revenue to the Friends.

Our senior population continues to grow — we now have over 2200 people over the age of 60 in our town. Of course, this means that the Senior Center is even more in need of your help. We sincerely thank you for being a past supporter of the Friends and invite you to consider supporting us again this year. Thanks so much for your consideration.

Sincerely,

---

Joan Guerrant, President  
Friends of the Southborough COA

---

Mary Ann Anderson, Vice President  
Friends of the Southborough COA
