

Intergenerational Programs at the Neary School

ART QUEST Presentation — Spectator Opportunity

January 29th — 9:00am to 9:45am

6 seats available

ART QUEST

February 12th — 9:00am to 9:45am

6 seats available

Art Quest is a unique educational program designed to develop thinking skills through observation of visual works of art. Art Quest integrates art history and art appreciation with class curriculum providing students with an opportunity to learn visually. The digital projection of two images simultaneously provides opportunities for comparison and encourages students to participate in discussions. By examining and analyzing works of art participants learn historical information and to identify individual artist's styles and movements. Art Quest stimulates curiosity and imagination while improving and developing critical, creative and interpretive thinking skills.

Please Contact Peg directly if you would like to participate in one or both of these programs. Call **(508) 229-4453**, email at **pleonard@southboroughma.com**, or stop by the senior center to sign up. *I am very excited about these opportunities and hope that you will think about attending to interact with our local students.*
