

Email Scam Warning!

Please be aware of the following Email Scam that many Southborough residents have received over the past few weeks/months. This email is a **Scam**, and we want to get the word out about it due to the fact that it contains personal information that is readily available on the internet and may appear to be genuine.

Here is an image of the actual email:

I suggest you read this message carefully. Take a minute to relax, breathe, and really dig into it. We're talking about something serious here, and I don't play games. You do not know anything about me whereas I know EVERYTHING about you and right now, you are thinking how, correct?

Well, you've been a bit careless lately, clicking through those girlie videos and venturing into the darker corners of cyberspace. I actually installed a Malware on a porn website & you accessed it to watch(if you know what I mean). While you were watching those videos, your device initiated working as a RDP (Remote Protocol) which provided me total control over your device. I can look at everything on your screen, switch on your cam and mic, and you wouldn't even suspect a thing. Oh, and I've got access to all your emails, contacts, and social media accounts too.

Been keeping tabs on your pathetic life for a while now. It is simply your misfortune that I found your misadventures. I put in more time than I should've exploring into your data. Extracted quite a bit of juicy info from your system. and I've seen it all. Yeah, Yeah, I've got footage of you doing filthy things in your house (nice setup, by the way). I then developed videos and screenshots where on one side of the screen, there's whatever garbage you were watching, and on the other half, it is your vacant face. With just a single click, I can send this video to all of your contacts.

I see you are getting anxious, but let's get real. As a family man, I am ready to wipe the slate clean, and allow you to get on with your regular life and wipe your slate clean. I am going to present you two options.

Option One is to turn a deaf ear this mail. Let us see what will happen if you select this path. Your video will get sent to all your contacts. The video was straight fire, and I can't even fathom the humiliation you'll face when your colleagues, friends, and fam check it out. But hey, that's life, ain't it? Don't be playing the victim here.

Other option is to pay me, and be confidential about it. We will name this my "keep the secret fee". Now Lets see what will happen when you pick this way out. Your dirty secret remains your secret. I will wipe everything clean once you come through with the payment. You need to make the payment by Bitcoins only. Pay attention, I'm telling you straight: 'We gotta make a deal'. I want you to know I'm coming at you with good intentions. I honor my obligations.

Required Amount: USD 1950

Also attached to the email will be a *Google Map photo of the outside of your house*- which is readily available for the general public, through the Google Maps program.

Please remember that this is a scam and please **DO NOT RESPOND** or send *any* sum of money.
