FRIDAY at the MOVIES!

Beauty and the Beast

Friday, September 15th

This live-action version of the classic tale (*not animated*) features a beautiful young woman who encounters a great beast and becomes his prisoner. She soon realizes that his appearance belies the sweet nature of the man he actually is, a victim of a horrible curse that threatens to keep him trapped in his beastly exterior forever. Despite their differences, the woman finds herself falling in love with the beast and fighting to save him from a life of anger and loneliness. Let the Disney magic and music stay in our hearts.

Gifted

Friday, October 13th

Frank is a single man taking care of his seven year old niece, Mary. The two form a special bond. Frank plans to give Mary a normal school experience, despite the child's gifted mathematical abilities. Frank plans are thwarted after his mother, Evelyn, discovers Mary's intelligence. Evelyn begins to take over Mary's life with her own idea of how things should be. Her plans for Mary's future are what she believes is best for the young girl. However, Frank refuses to let the relationship he has built with his young niece be destroyed and her chance at a normal life become simply a dream.
